Sastasundar, being a responsible corporate citizen, is fully conscious of its duties towards society. The Company strongly believes that embedding Environmental, Social & Governance (ESG) principles in its business operations and its adherence is essential to building resilience in the business, transforming culture and for long-term value creation of all our stakeholders. Sustainability is at the heart of our business philosophy. Our sustainability strategy considers key sustainability trends and all possible impacts of our business operations on our stakeholders. Furthermore, we consider key opportunities and risks while developing our short-term and long term strategies. This year marks the beginning of our structured approach towards ESG, through the development of our long-term ESG framework, aligned with international ESG protocols and guidelines. We are in the process of identifying our key material topics, which will form the basis of management's approach towards business going ahead. We will measure and evaluate our performance against these ESG parameters to create long-term sustainable value for all our stakeholders.
